

Summer 1 Home Learning W.B 20/04/20

Below are some Literacy and Maths activities for your child to complete.

We hope you have fun!

<p>Write a non-fiction (information) book about minibeasts.</p> <p>(pictures of minibeasts attached for you to cut up and use in your book, or you can draw your own).</p>	<p>Look at Minibeast Riddles Powerpoint (attached). Write your own minibeast riddle.</p>
<p>True or False Sentences - read the sentences (or ask an adult to read them for you) about the story 'The Very Hungry Caterpillar'. Are they true or false?</p>	<p>Become an author- write your own version of 'The Very Hungry Caterpillar' by changing the character. e.g 'The Very Hungry Elephant' - what did they eat, what happened at the end of the story?</p>
<p>Print or copy x2 of the dice net attached to make your own dice. Make 2 dice.</p> <p>Roll both dice. When you roll the same number on both dice shout double!!</p> <p>Can you work out the double?</p> <p>How many have you got altogether on both dice?</p> <p>Can you write the number sentences for all the doubles you roll? e.g $2+2=4$ ect</p>	<p>Draw an outline of a ladybird or butterfly.</p> <p>Can you draw some spots on one of the ladybird/butterfly's wings?</p> <p>Write the number you have drawn.</p> <p>Draw the same amount of spots on the other side to make it double.</p> <p>Can you write the number sentence for the double?</p> <p>(For an example see sheet attached.)</p>
<p>Write numbers 1-10 or 1-20 on the floor using chalk or create your own number cards to place on the floor in order. Can you work out these simple sums by jumping up the number line?</p> <p>$2+4=?$ E.g (start standing at number 2 jump on 4 numbers what number do you land on?)</p> <p>$6+4=$ $5+2=$ $7+3=$</p>	<p>Print out or copy the number line sheets attached. Can you work out the addition sums using jumps along the number line?</p>

Thank you for your support.
