

# Summer 1 Part 2 Topic Home Learning

Look at the Makaton Sheets attached. Have a go at learning how to say hello and my name is... using Makaton signs.

Have a go at learning the Makaton sings for the hello song.

For more Makaton signs see: <https://www.makaton.org/shop/shopping/browseStore/Free-resources>

Can you make an animal and a cage out of lego ?

Can you make a caterpillar picture by printing with cardboard tubes?

Can you make a picture using lego and paint?

Discuss with an adult the rules we have in our classroom at school. Do you have rules you have to follow at home?

Are these the same or different to school?

Create a reward chart/system with your adult. See examples below.

Each time your child does something good e.g follows the rules/does their work add a reward to the chart.

See how many rewards you can get.

Can you draw an emoji that shows each of these emotions?

Happy  
Sad  
Excited  
Scared  
Shocked  
Angry  
Worried

Talk with your adult about how we can tell when someone is feeling these emotions.

Place carrot tops, half an onion or a potato in a bowl, cut side down. Fill the bowl with about an inch of water. Place the dish in a sunny windowsill and change the water every day. Watch them start to grow. These can then be planted in soil. You can also try growing tomatoes and peppers by planting the seeds inside them into soil.

Using natural materials found outside. Make a bug hotel or minibeast house.
