Ned and the Jungle Animals

Chapter 1

Ned's class were outside doing some gardening.

There were herbs and vegetables growing in boxes. They were on the grass round the back of the school.

"This is fun," said Ned, picking some carrots and brushing the earth off them.

"Good work Ned!" called Mr Jones. "We can eat those carrots for lunch."

Ned had just put another carrot in a basket when he saw the most amazing sight. It was only for a second, but he saw some hippo ears disappearing through a door towards the hall.

"Did you see that?" he gasped to Anna, pointing at the door.

"See what?" asked Anna.

"There's a hippo in school," said Ned. "A real live hippo. I saw it going through that door."

"Ha ha very funny!" laughed Anna.

"No, I mean it," said Ned. "I really did see a hippo's ears."

"OK!" said Mr Jones. "Time's up. Grab your baskets and bring everything inside please."

"I... I... I..." said Ned, but Anna was already walking back to class with the others.
